

Industry Partner Brochure 2026

Hi, we're IREM®

We're an international institute for property and asset managers. Since 1933, our members have made us the world's strongest voice for all things real estate management. Today, nearly 20,000 leaders in commercial and residential management call this home for learning, certifications, and networking.

What do we do?

We believe in our people, and we provide the tools they need to succeed. We open doors, we forge connections, and we help show the way forward. Backed by the power that comes with being an affiliate of the National Association of REALTORS®, we add value to our members, who in turn add value to their teams, their workplaces, and the properties in their commercial and residential portfolios.
